The All-New MG4 Urban: Eurokars EV Introduces the Perfect Upsized Electric Hatchback for Singapore

Singapore, 16 April 2026 – Eurokars EV Pte. Ltd. (“Eurokars EV”), a subsidiary of Eurokars Group and the official distributor of MG Singapore, proudly introduces the All-New MG4 Urban Electric Hatchback.

The MG4 Urban has been engineered to deliver exceptional efficiency, reassuring safety, and class-leading practicality for everyday driving in Singapore. With a WLTP city range of up to 586km and an efficient energy consumption of just 15.5kWh/100km, it offers a highly cost-effective and dependable electric driving experience. Built on a dedicated EV platform, the MG4 Urban maximises space with an impressive length of 4395mm and up to 1,364 litres of cargo capacity, making it the largest electric hatchback in its class.

“At MG, we believe great cars should be within reach. The MG4 Urban reflects our commitment to bringing affordable electric mobility to Singapore combining space, value and best technologies in a package that delivers real value for Singapore drivers.”

Mr Raymond Ng , Managing Director Eurokars EV Pte. Ltd.

The MG4 Urban interior is designed with everyday usability and comfort in mind, featuring ventilated front seats with six-way electric adjustment for the driver and four-way electric adjustment for the front passenger. A thoughtfully designed centre console and over 30 interior storage points provide added convenience, complemented by a 12.8-inch infotainment touchscreen that supports seamless connectivity for drivers and passengers on the move.

With safety as a core priority, the MG4 Urban is equipped with the MG Pilot driver assistance suite, a 360-degree parking camera, and a full complement of seven airbags – offering peace of mind for everyone on board.

The MG4 Urban continues MG’s philosophy of delivering accessible electric mobility while maintaining the brand’s signature blend of intuitive design, advanced technology and everyday practicality.

MG4 Urban Highlights
