Space Reimagined: Eurokars EV Unveils the All-New MGS6 Electric SUV in Singapore

Singapore, 08 January 2026 - Eurokars EV Pte. Ltd. ("**Eurokars EV**") proudly introduces the All-New MGS6 Electric SUV, a full-sized, purpose-built, fully electric SUV meticulously engineered for the modern Singaporean families. Combining a commanding road presence with exceptional real-world practicality, the MGS6 arrives as a premier contender in the COE Category A segment, offering an unmatched blend of premium features and outstanding value.

MG has almost doubled our volume in Singapore in 2025 and driven by the strong popularity of the MGS5, which has quickly become a favourite among Singapore drivers. With the new MGS6 SUV, we are building on that success by responding to what more Singaporean consumers have told us they want: a larger, more comfortable electric SUV that delivers space, practicality and premium refinement without compromising on value.

Our close partnership with SAIC enables us to bring advanced EV technology, world-class engineering and exceptional quality to Singapore at a price that remains truly attainable. Based on consumer feedback, we are confident that Singaporean drivers will respond very strongly to the MGS6.

The MGS6 SUV represents our MG commitment to giving more in every aspect with more space, more range and more value.

Mr Raymond Ng, Managing Director Eurokars EV Pte. Ltd.

MG also announces the appointment of Mediacorp personality, Ms. Sonia Chew as the brand's new Brand Ambassador. Known for constantly pushing herself to achieve more in her career and personal pursuits, Sonia reflects the same spirit that drives MG which is a desire to always give more in everything we do. MG hopes to inspire more Singaporeans through Sonia's spirit to deliver "MORE to MG" in everything that we do, while staying true to the everyday realities of life in Singapore.

Built on MG's proprietary EV platform, the rear-wheel-drive MGS6 maximises every millimetre of interior room to deliver generous legroom, prioritising passengers' comfort. The model achieves an expansive, airy cabin environment and a luggage capacity that leads its class. Whether navigating the daily commute or embarking on weekend adventures, the MGS6 provides a sophisticated sanctuary for families who value both space and efficiency.

At the heart of the MGS6 is a design philosophy that delivers more usable volume in every direction. Its 2,835 mm wheelbase and intelligent interior layout create an exceptionally open cabin feel. Tailored to the realities of family life, the wide-opening rear doors ensure that child-seat installation and cabin access are entirely effortless, setting a new benchmark for practical, family-centric electric mobility.

The MGS6 offers:

Space highlights:

- 674 litres of boot space, expanding to 1,690 litres with a one-button fold-down second row
- Class-leading 86-litre front trunk (frunk) for daily essentials and charging cables
- Flexible loading options for prams, luggage, sports gear or weekend trips
- Spacious, refined interior comfort with a modern dashboard design and finishing

Interior highlights:

- Redesigned cabin space for comfort and openness to offer superior comfort under any road conditions
- Premium Alcantara and Vegan Leather upholstery complement a bright, airy cabin enhanced by the panoramic glass roof and electric sunshade.
- Ventilated front seats for Singapore's warm climate
- Dual-Zone Automatic Climate Control with PM2.5 filtering

About MG

Founded in 1924 in Oxford, England, Morris Garages (MG) is a globally recognised automotive brand with more than a century of history and innovation. Known for its iconic British design and sporting DNA, MG has evolved into a forward-looking marque that combines style, performance, and accessibility. Today, MG is part of SAIC Motor Corporation Limited, one of the world's largest automotive manufacturers, and offers a diverse line-up of vehicles including hatchbacks, sedans, SUVs, and electric models.

In Singapore, MG is represented by Eurokars EV Pte Ltd, a member of the Eurokars Group. With a growing range of electric and hybrid vehicles such as the MG4 EV, MG Cyberster, and MG S5 SUV, MG is committed to supporting Singapore's Green Plan 2030 and providing customers with smarter, cleaner, and more sustainable mobility choices.

About Eurokars Group

Eurokars Group is synonymous with premium automotive brands in Singapore and houses a diverse variety of luxury marques with its own unique branding and positioning, maintaining a unified purpose of delivering exceptional automotive experiences. With more than 40 years of market representation, and industry accolades from Enterprise 50 and Superbrands, Eurokars Group is a well-established automotive industry titan, having grown over the years from a niche sports car retailer to a multi-franchise automotive dealership group.

Eurokars Group was founded by respected entrepreneur, Mr. Karsono Kwee, who as Executive Chairman of the Group, is driven by a genuine passion for motorcars and has transformed the business into a well-diversified and leading customer-oriented dealer of premium automobile brands in the region.
