Cyberster
DEFY THE ORDINARY

Rich Heritage Meets Sporting Excellence

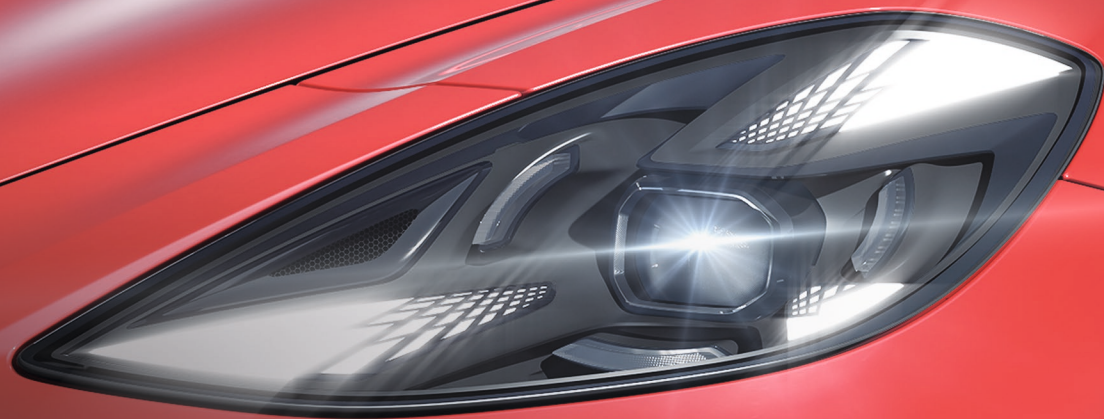

For nearly a century, MG has defined racing spirit and automotive innovation. In 1962, the MGB Roadster set new standards in performance and captivated over 500,000 drivers worldwide, becoming an icon both on and off the track. Today, this legacy evolves with the All-New All-Electric Cyberster—a revolutionary roadster that seamlessly blends MG's racing heritage with cutting-edge electric performance. Prepare to experience a car that embodies the past and propels you into the future of driving excellence.

An Icon Evolved

The MG Cyberster isn't just another all-electric convertible. Designed upon the legacy of the 1962 MGB Roadster, the Cyberster blends classic proportions with futuristic features like scissor doors and a cutting-edge digital cockpit with 4 screens, transforming every drive into an experience. The MG Cyberster is built with rapid charging and practical range. Why settle for the ordinary when you can own the extraordinary?
