

Since 1924

A new breed of power.

The all-new, incredibly powerful MG HS **PHEV**

EXPERIENCE POWER LIKE NO OTHER

The most powerful MG we've engineered yet, for your most thrilling drives. Coming from an impeccable pedigree of MG racing victors.

As a Plug-in Hybrid Electric Vehicle, the MG HS PHEV delivers the future-ready convenience of an electric motor with the pure performance of a combustion engine. Drive up to 52 km on the electric motor alone, or enjoy unbridled thrills with a combined output that delivers a max torque of 370 Nm and an exhilarating 0-100 km/h in just 7.5 seconds.

In addition, power meets responsibility as the engine-electric motor combination helps reduce CO₂ emissions. Of course, while still offering all the perks of performance and range.

Max Torque of
370 Nm

Reduced
CO₂ emissions

A WHOLE NEW LEVEL OF LUXURY

Step inside the MG HS PHEV and you'll find luxury to match its power. Its spacious interior offers comfortable seating for 5 – with class-leading room in the front and convenient reclining seats in the rear. Offering premium comfort for all, with the use of superior materials and leather.

The MG HS PHEV also offers an unparalleled driving experience with a host of intuitive features. A 10.1" colour infotainment system strategically sits at the heart of the dashboard offering satellite navigation and mobile connectivity that works with both Apple Carplay™ and Android Auto™. In addition to a convenient 360° parking camera that allows for an unobstructed view in even the tightest spots.
